

2023/24 RESEARCH AND INNOVATION WORK GROUP

GCSE to A level Transition

This Work Group focuses on supporting successful transition from GCSE to A level.

Who is this professional development suitable for?

Teachers for GCSE and A-level Maths in a secondary school or post-16 college.

What is your commitment?:

- Collaboration through the online Basecamp community
- Try out aspects of the Work Group back in school and record your reflections
- Contribute to the Maths Hub and NCETM final evaluation

The programme you are applying for is funded by the DfE therefore public funds are being used to secure your place in this Work Group/Cohort. Therefore please ensure that you are able to fully commit to the programme.

You must attend all sessions, so please ensure that you have secured cover for all of the dates that have been communicated to you. You will also be required to complete intersessional tasks and engage with an online community which will aid collaboration in between the sessions for maximum impact.

Time commitment: Six 2 hour twilights
