

Fully funded

Secondary Maths Subject Leaders Community

A CPD community designed specifically for secondary heads of maths

What is involved?

Subject leaders play a vital role in shaping departmental practice and driving improvements in student outcomes. This project provides an opportunity for participants to deepen their understanding of effective teaching approaches, their wider leadership responsibilities, and their capacity to work with colleagues to transform secondary maths learning.

Participants will collaborate with other subject leaders, explore research and new developments, and use these insights to inform and strengthen their leadership of maths education in school..

Who can take part?

The project is for secondary heads of department/subject leaders, and is open to heads of department in schools already involved with Maths Hubs and to those who are not yet involved.

Find out more

Search **Secondary Maths Subject Leaders** online or contact your local Maths Hubs:

Email: info@mathshubslt.co.uk

[Apply Now](#)

Benefits

- You will promote and develop a shared vision, culture and set of principles for teaching and learning maths.
- You will ensure coherence in the curriculum and provide support for teaching for mastery across the department.
- You and your department will establish collaborative ways of working within the department to support ongoing developments.
- You will develop your ability to identify areas for development and lead change

The **community** is fully funded by the Maths Hubs Programme, so are **free** to participating schools.
